difference – pg10**

**Christmas gifts that are  
pawtastic – pg16-24**

**mayhew**

for dogs, cats and communities

# Introduction

This autumn, we're reflecting on the second chances you've helped create. Thanks to your support, dogs and cats in our care have received the time, treatment and love they needed to turn their lives around.

You'll hear about animals who have found safe, loving homes and others still on their journey with us. Every success story is only possible because of your kindness. As you read this issue of Tails, know that these moments of hope belong to you, too. Thank you for being part of their journey.

But for many others, that second chance hasn't arrived yet. With your help, we can continue to provide shelter, veterinary care and outreach to the animals who need us most. If you're able, a gift today could help more dogs and cats take their first steps towards a better future.

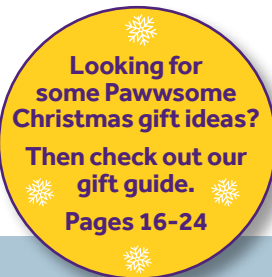

And finally, we're delighted to invite you to our Christmas Concert, taking place at St Matthew's in Ealing on Wednesday 3 December. It promises to be a wonderful evening of festive music and cheer, and tickets are available to purchase now.

Thank you for standing by animals in need and for making every season brighter.

*Lisa Guiney*

**Lisa Guiney**  
Head of Operations

## You've given Luna and her pups a brighter future

Back in spring, we shared Luna's story with you. She had lost her beloved owner and her home, and on top of that, she was heavily pregnant and due to give birth at any moment. We asked for your support to help dogs and cats like Luna at such a vulnerable time of year – and once again, you responded with overwhelming kindness.

Together, you raised an incredible **£22,118**. Every single gift has helped us provide the expert care, safe spaces and second chances that so many animals desperately need.

Thanks to you, Luna was able to give birth in a loving foster home, where she and her seven puppies were safe and supported. Since then, all of her puppies have been happily rehomed, and Luna herself has found a wonderful new family. Her adopters told us:

*"Luna has been such a star and settled in so well. She's such a warm and friendly pup and we're lucky to have her in our lives."*

It's hard to imagine a more heart-warming outcome for a dog who had been through so much in such a short space of time. We'll be keeping in touch with her puppies' new families too, and we hope to share more updates on their progress in future newsletters.

From everyone here at Mayhew, thank you for making this possible. Your support really does change lives – turning loss and uncertainty into hope, happiness and a safe new home.

**Just £25 could help provide vital vaccinations and health checks for a new arrival – giving them the safe, fresh start they deserve. Please give today at [themayhew.org/toppets](http://themayhew.org/toppets)**

## Rehoming Stories

### Momo's happy new life on the water (previously Ezra)

You may remember Ezra — he's now happily rehomed and has a new name, Momo! His adopters tell us he's settled beautifully into life on their boat and they've "totally fallen in love with him."

Momo is playful, inquisitive and full of cuddles — often climbing under the covers in the morning for extra snuggles. Recently, he ventured outside for the first time, and his family were thrilled to see him confidently exploring while never straying too far. He's now enjoying the best of both worlds: cosy life on board and the freedom to roam, keeping him stimulated and active. Momo's story is a wonderful reminder of the safe, happy futures your support makes possible.

### Brian finds his forever home

Sometimes, our team just can't help but fall in love with the animals in our care — and that's exactly what happened with little Brian. One of our Mayhew colleagues couldn't resist his charm and we're delighted to share that he's now part of their family.

Brian has settled in brilliantly and is "very happy in his new home." We're especially excited that we'll still get to see him around the office from time to time — bringing smiles to everyone's day.

### Joey brings joy every day

When Joey was adopted in October, her new family knew right away they'd made the best decision. Full of playful antics and endless affection, she quickly became the heart of the household — always ready with cuddles and plenty of laughs.

Her adopters told us: "The Mayhew Centre was amazing, giving us lots of information and support to make sure she settled in well. We feel so lucky to share our lives with Joey; she makes us very happy. Joey is still absolutely brilliant — she's the best company."

Thanks to your support, Joey has a loving home, and her family couldn't be happier.

## Mayhew wins at the Charity Awards

*"We are absolutely delighted to share that Mayhew has won the top prize in the Animals & the Environment category at the Charity Awards."*

Since 2017, Mayhew Afghanistan's team has vaccinated more than **135,000 dogs** against rabies in Kabul, protecting both dogs and people from this deadly disease. This work has been carried out despite huge challenges — from political upheaval to global health crises — and has helped save countless lives.

Thanks to your kindness, there have been **no confirmed cases of rabies** in dogs found by our team since April 2021 and no confirmed human rabies deaths in Kabul over the same period. Alongside this, our team has delivered community education programmes reaching over **18,000**

**people**, raising awareness about rabies prevention.

Your support has also enabled a large-scale neutering programme, running since 2019, which has now surpassed the **70% threshold** in Kabul's 16 central districts — the critical level needed to stop rabies spreading. In total, more than **55,000 dogs** have been neutered, helping to reduce stray dog numbers and improve community safety.

Caroline Yates, our Head of International Projects, said:

*"I am so proud of Dr Mohammadzai and the Afghan team for their incredible dedication over the last seven to eight years. They are true ambassadors for a rabies-free world, and their compassion and commitment are making a lasting difference."*

## A day in the life of Volunteer Ruby

Meet Ruby, one of the many volunteers that donate their time and energy to Mayhew every week. Without their incredible efforts we couldn't do what we do. Ruby works for the local council, but would love to work with animals more (who wouldn't right?) Ruby enjoys helping the animals and the people who adopt them.

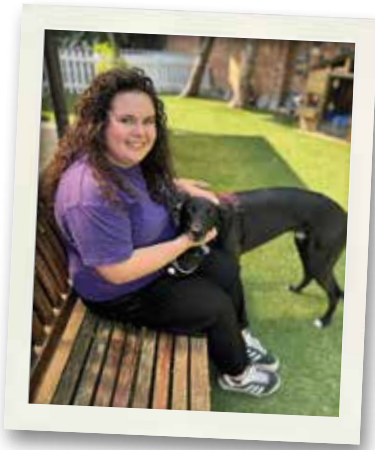

We are so grateful for all the work Ruby and all our volunteers do for Mayhew, without them and our incredible supporters like you, we couldn't be there for all the dogs and cats that arrive at Mayhew in need of a new home.

### **What motivated you to volunteer for Mayhew?**

I adopted a dog from another charity in 2021. Prior to that, I had attended some shelters to volunteer whilst abroad and really enjoyed it. When I got home, I looked for somewhere local and saw an ad for Mayhew looking for kennel volunteers and applied.

### **What's a typical shift like for you?**

I start at 9am and the first thing we do is take all the green paw\* dogs for a walk. If there are any new dogs in, I'm introduced to them in order to get to know them better, as Mayhew want the dogs to be comfortable with their handlers. Any dogs that are walked by staff only, I support by cleaning their kennels. After a quick break, we clean the kennel areas, walkways, communal

areas and do the laundry. We then get to do different activities depending on the dogs: some will be taken for their second walks, others will go to the park about 15 minutes away. I like to do enrichment activities with the dogs in the Mayhew garden. I also get some enrichment games ready for them in their kennels when they return from their walks. Enrichment activities are a great way to keep dogs' minds active and keep them calm, making them ready for their afternoon naps.

### **What other responsibilities do you have for Mayhew?**

I also take on home visits on top of my volunteering shift each week. I enjoy being able to talk to our prospective adopters. We are never looking at people's houses for any other reasons than safety. Some dogs will need higher fences, and sometimes people will have plants that could be toxic to dogs.

We also look out for things like cables, especially if it's for puppies, as they are quite prone to chewing with their puppy teeth. It's also a really nice time to share my knowledge with people, advising them around leads and harnesses as well as enrichment activities that will help their new furry friend settle in. I also signpost them to websites that advise on the best types of nutrition for their pets.

### **What's your favourite thing about volunteering?**

It's definitely making the dogs happy. I enjoy preparing enrichment activities to help them de-stress, walking them and playing with them to get them ready to be adopted and go to their forever homes. It's really rewarding to have a part in their journey.

### **Would you recommend volunteering at Mayhew?**

Yes, 100%! If you are a dog lover, it's a great way to spend time with some furry pals helping them on their way to their new forever homes. I met my friend Amber when we volunteered together on a dog shelter trip. We then both started volunteering at Mayhew and she has gone on to work for Mayhew. I have also made a great friend in my shift buddy, Felicity. It's great to have your friends around.

### **We know you don't have favourites, but are there any residents that you have fond memories of?**

Of course, we don't have favourites as they are all lovely, but there are a few that come to mind. One of most recent residents, Piper the greyhound gives the best hugs in a way only greyhounds can as they lean in to you. I also had soft spots for Bessie who was a Shar Pei/ Bull mastiff cross, Gordon the Bulldog, Davina the Springer Spaniel and Leo, the Bichon Frise who is 13 and partially sighted. He is so calm and chilled and never lets anything stop him. They are all so amazing in their own way.

*Green paw stickers on kennels mean volunteers can walk the dogs without staff accompanying them.*

**If you are interested in volunteering or becoming a fosterer for Mayhew please get in touch, all the contact details are on page 2, we would love to hear from you.**

# Your support is changing lives in Afghanistan and Georgia

Thanks to your generosity, Mayhew's international teams continue to make a life-changing difference for animals and people in Afghanistan and Georgia. From large-scale vaccination and neutering programmes to urgent medical care and community education, your support is creating safer, healthier environments for animals and humans alike.

## Bringing hope to animals in Georgia

In Georgia, your generosity is helping us tackle the issue of stray dogs and cats, while improving veterinary care across the country.

In the capital city Tbilisi, a second dog population survey was carried out this summer to measure progress since 2023. The results are encouraging: the roaming dog population has reduced by around 4,500, and over 70% of dogs are now neutered thanks to the TVNR (trap, vaccinate, neuter, return) programmes delivered by the Animal Monitoring Agency of Tbilisi City Council and Mayhew Georgia. These results will help local authorities plan future activities and build on this success.

But our work doesn't stop in the cities. Mayhew Georgia is also supporting communities in remote and less developed regions, where there is little or no veterinary infrastructure, yet roaming dogs are regularly mentioned as a concern by local people.

In June, the team responded to a plea for help from an animal welfare group in Bakuriani, a mountain ski resort town. After a rapid survey, our vets carried out a week of intensive surgeries. Thanks to the incredible support of local businesses, who provided food and accommodation for our staff, 131 dogs and 2 cats were neutered and vaccinated in just 4.5 days. We plan to return later this year to continue this important work.

This summer, the team also travelled to the Racha region in the foothills of the stunning Caucasus mountains. Over two weeks in Ambrolauri and Oni, with support from UNDP Georgia and the EU Development Fund, we neutered and vaccinated more than 220 dogs, while also delivering animal welfare workshops for local communities.

**You are making a lasting difference**

**From preventing the spread of rabies in Kabul to providing vital veterinary care in Georgia, your kindness is creating a safer, more compassionate world for animals.**

**We can only achieve this overseas work thanks to your continued support and generosity. Together, we are making lasting change — thank you.**

**To enable this vital work to continue and ensure a better future for animals in need, please consider making a donation today at [themayhew.org/overseas](https://themayhew.org/overseas)**

## Could you make a difference beyond your lifetime?

At Mayhew, we are so fortunate to have a community of supporters whose love for animals goes beyond the here and now. One such supporter was Jean Macdonald, a passionate animal lover whose generosity continues to make a difference even after her passing. Jean's choice is a beautiful reminder of the impact we can all have through the gifts we leave behind.

Jean was not only devoted to her career in archaeology and history, but she also had an unwavering love for animals. Growing up surrounded by pets, Jean's connection to animals was an integral part of her life. From childhood, she cherished her family's cats and dogs, and throughout her life, she continued to care deeply for all creatures. It was this profound bond that led Jean to include Mayhew in her Will, ensuring her legacy of kindness would endure.

**Leaving a gift in your Will to Mayhew can transform the lives of countless animals, offering them the chance at a better future, just as Jean's gift has done.** Your support could provide shelter for abandoned pets, veterinary care for those in need, and a second chance to dogs and cats in search of their forever homes.

*Jean's love for animals is continuing to make a difference through her thoughtful legacy to Mayhew.*

If you're considering leaving a gift to Mayhew, we want to make the process as simple as possible. **We offer a free Gifts in Wills Guide**, which provides clear information on how you can include Mayhew in your Will, along with the ways you can make a difference. Every gift, no matter the size, can have a profound impact.

Together, we can ensure that dogs and cats continue to receive the love and care they deserve.

**To learn more about how you can leave a gift to Mayhew in your Will, and to receive your free Gifts in Wills Guide, tick the box on your donation form or visit [themayhew.org/giftsinwills](https://themayhew.org/giftsinwills) today.**

## A huge **thank you** to our supporters

Raised  
**£1,335**

### Zach Walzer

Zach chose to celebrate his 13th birthday by fundraising for Mayhew! Alongside his dad, Adam, and sister, Sasha, he took part in a sponsored walk along Hadrian's Wall and raised an incredible £1,335! What an amazing achievement, thank you so much.

Regular  
Donations

### Justin Kempley

Justin adopted his lovely black cat, Janey, from Mayhew in 2022. Justin plays the Pokémon Trading Card Game competitively, taking part in the World Championships in California in August. He celebrates his tournament successes with generous donations to help more animals like Janey. Thank you for your ongoing support, Justin, **we choose you!**

### Tiggy and Arlo

During the May half-term, Tiggy and Arlo raised an impressive £72.65 by setting up a stall outside their house, selling items such as lemonade and pre-loved toys. What a thoughtful way to make a difference! A huge well done and thank you to both Tiggy and Arlo!

Raised Over  
**£70.00**

## Joey & Biscuit: Double the mischief, double the love

When Joey and Biscuit were rehomed earlier this year, their new life began with two very different personalities. **Joey**, the intrepid explorer, wasted no time in showing off his adventurous side. From scaling the bookshelves to climbing from the fridge onto the kitchen cupboards, he's proven himself to be a fearless acrobat. He's also a chatty companion, purring constantly and "talking" to his adopter throughout the day.

**Biscuit**, on the other hand, was a little more reserved at first. He spent the first few days sticking close to the bedroom, watching the world at his own pace. But before long, he found his confidence and began copying some of Joey's antics — even discovering how to nudge open doors and wardrobes to explore hidden spaces.

Both cats have taken well to their scratching posts (though Biscuit has a cheeky fondness for the carpet too!) and they certainly keep their adopter busy with their endless appetite. Meal times have become a comedy show of clever tactics: if Joey tries to sneak food from Biscuit's bowl, Biscuit simply pulls the dish back with his paw to guard his dinner.

Despite their quirks, the pair are inseparable. They play chase around the house, wrestle over string toys and catnip, and at the end of the day curl up together to groom and nap side by side. "They are a bonded pair and cuddle up and sleep together," their adopter told us. "To see the energy and playfulness of these two, aged just 5 and 2, is such a joy."

At night, Biscuit usually takes the lead, heading to bed early — a gentle reminder to his adopter not to stay up too late! Joey soon joins him, and the two sleep peacefully until morning, when Biscuit insists on a cuddle to start the day.

Both cats are learning to enjoy affection in their own ways. Biscuit is happy to be picked up and cuddled, while Joey prefers to perch on the back of the sofa, soaking up neck scratches. Neither has settled on laps yet — but both love being close, curious, and part of everything their new family does.

*"They look out for each other, they know their names and they come when they are called. I feel very privileged to have rehomed them."*

Joey and Biscuit's story is a wonderful reminder of the joy and companionship that comes from giving animals a second chance. Thanks to your support, these two now have a loving home where their personalities can truly shine.

## You are warmly invited to our magical Mayhew Christmas Concert

Our annual Concert returns with enchanting musical performances, seasonal readings from special guests, warming treats and a fabulous raffle. We're also delighted to welcome the wonderful Sue Perkins as our host for the evening! Join us as we celebrate the festive season and help raise vital funds for the dogs, cats and communities who need us most. **We'd love to see you there, get your tickets now!**

St Matthew's Church,  
North Common Road,  
Ealing, London, W5 2QA

**Time:**  
**7.00pm - 8.30pm**  
(doors open from 6.00pm)

**Ticket prices: £20**

To buy your tickets go to [themayhew.org/concert](https://themayhew.org/concert)  
or call us on **020 8206 5870**

# Honouring Sidney and Nellie's love of animals

At Mayhew, we are always deeply moved when people choose to remember their loved ones through a gift in memory. These special donations not only celebrate the lives of those who have passed, but also ensure that their love of animals continues to make a difference for years to come.

Recently, we were contacted by a dear friend of **Sidney and Nellie Griffin**, who wished to make a donation from their estate in their memory. Sidney and Nellie were lifelong animal lovers, and it was important to their friend that their compassion lived on through a gift to Mayhew.

We were so touched by this gesture, and suggested commemorating them in our peaceful remembrance garden with one of our plaques. Their plaque includes cherished photos of Sidney and Nellie, alongside the words:

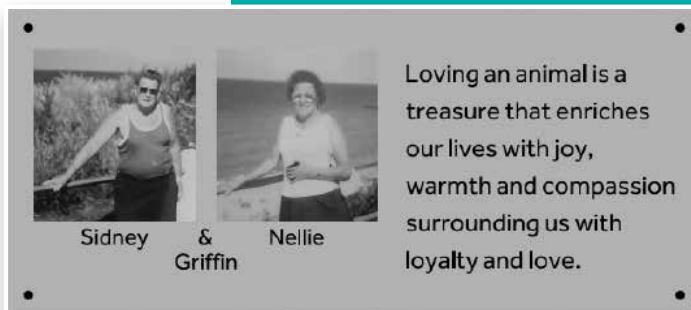

*"Loving an animal is a treasure that enriches our lives with joy, warmth and compassion, surrounding us with loyalty and love."*

It is a beautiful tribute to two people whose kindness towards animals will always be remembered here at Mayhew.

If you would like to enquire about dedicating a plaque on the Memorial Wall, please reach out to our team at [fundraising@mayhewanimalhome.org](mailto:fundraising@mayhewanimalhome.org).

## A lasting legacy of love

If you are considering leaving a gift in memory of a loved one, or would like to commemorate their life with a plaque in our garden, we would be honoured to help you create a fitting tribute. These special gifts not only celebrate precious memories but also support our vital work with dogs, cats and the communities who care for them.

If you would like to find out more about in-memory giving, please visit our website or contact our Legacy team for a confidential conversation.

Together, we can ensure that the love our supporters feel for animals lives on — creating brighter futures for generations to come.

# Sky Dive

On Sunday 13 July, a team of Mayhew staff took to the skies in a sponsored skydive to raise vital funds for Mayhew.

The team included four brave staff members across our vet clinic and community animal support teams. Supporting a cause close to their hearts, the team have raised over **£2,800** so far, which will all go towards helping dogs, cats, and communities.

Our Community Animal Support Officer, Amber Stocker-Charles – who came up with the idea – says,

*"Every year I like to try and participate in some sort of charity fundraising around my birthday time. I am an absolute thrill-seeker, and I thought this year why not take on a big challenge and go for a skydive... jumping out of a plane felt like a bold way to match the amazing work done at Mayhew. I was surprised that other people were interested in joining me on the jump and decided to make it a bigger fundraising event for Mayhew. What started as a personal challenge has grown into something so much more, with amazing support pouring in and turning one leap into a shared mission of compassion!"*

**Amber Stocker-Charles**  
Community Animal Support Officer,  
Mayhew

We're so proud of them for bravely taking the leap, all to raise funds for Mayhew so we continue our essential work in caring for dogs and cats (and their humans) who desperately need our support.

If you've been inspired to support the team's amazing efforts, there's still time to donate here: [www.justgiving.com/team/skydiveformayhew](http://www.justgiving.com/team/skydiveformayhew)

# Christmas gifts that make a difference

## Wrapping Paper & cards

### Black cat Christmas wrap £4

Make every present stand out this season with Otter House's charming Christmas Kitty Cats gift wrap and tags pack, featuring playful feline illustrations and festive flair.

**Product code: MS042**

### Cat – posting time wrap in green or blue £4

Give your gifts a touch of nostalgic Christmas charm with Posting Time—a festive wrap design starring a curious cat nestled beside a classic red postbox and snow-dusted trees.

**Green Product code: MS102**

## Enrichment Toys

### Rainy day puzzle and play feeder **£24**

This rainy-day puzzle and play cat toy is great to stimulate natural foraging instincts and can be used for daily feeding to encourage a healthy eating pace. There are 14 shallow hidden treat cups designed with cats in mind. Made with food safe materials - BPA, PVC and phthalate free.

Dimensions: 3.5cm x 24cm x 39cm (approx)

**Product code: CG060**

### Dog Smart **£16**

The Nina Ottosson Dog Smart challenges your dog to discover treats through problem solving and exciting hidden rewards. Place treats in the compartments and cover with bone puzzle pieces. Your dog will learn to paw and nuzzle at the puzzle pieces to find their tasty reward. This puzzle is great for introducing your dog to treat training games.

Dimensions: 31cm x 28.5cm x 4.5cm

**Product code: DG070**

### Mayhew dog treat bag **£6**

The Mayhew dog treat bag is the ideal accessory for assisting with training and keeping tasty treats to hand when out and about with your dog.

This practical and sturdy treat bag features a drawstring top with an adjuster toggle and velcro belt strap.

**Product code MS106**

### Mayhew catnip heart **£5**

These adorable felt hearts are hand-made and they're stuffed full of premium quality Canadian catnip, guaranteed to make your cat go wild.
